## BUSH NEW HEAD FOR PROMOTION

Elected Yesterday to Succeed J. L. McLean—Many Things Are Talked Over.

G. F. Bush was elected chairman of the Hawaiian Promotion Committee yesterday to fill out the unexpired term of J. L. McLean, resigned. Mr. Bush represents the merchants' association on the promotion committee and has been a member of the committee for the past two or three years. He is regarded as a member well-fitted for the duties of chairman. He is keenly interested in all phases of promotion work.

The committee expected to elect a new member, but the matter was laid over until next week. The members had decided upon W. H. McInerney, but that gentleman was not able to state yesterday whether he could accept the honor owing to pressure of business. He may be the chairman of the house committee of the Country Club, and as his brother J. D. McInerney may leave shortly for the mainland to remain about six months, added duties of partnership may cause him to decline. The members, however, will urge him to become a member of the board.

### Cold Water on Proposition.

A little cold water has been thrown on the proposition of having the National Editorial Association members make a side trip to Honolulu next February following their convention which may be held in California. Fred Waldron, president of the merchants' association, in a letter to the committee, stated that he was of the opinion the various newspapers of the city could canvass for finances and act as hosts for the exorbitants. It was represented to the board that the chamber of commerce report would be adverse to the chamber recommending that the two commercial organizations take any steps to bring the editors here. The matter was therefore laid on the table.

### Knocking Haleiwa Luncheons.

According to a report made to the committee some one is knocking the Haleiwa Hotel as a place where autos may stop and their occupants obtain a luncheon before continuing the "round-the-island" trip back to Honolulu. A prominent business man of San Francisco stated that he was told his party should enjoy luncheon in the auto as it could not be had en route. The result was that the auto continued right along on its trip, passing Haleiwa but not stopping there even to give an opportunity for the passengers to rest and see a really very attractive hotel, where the table service is of the best.

The promotion members were somewhat surprised to hear this report and steps will be taken to ascertain the truth.

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the change of life and suffered from nervousness, and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

Another medicine for woman's ills has received such widespread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 20 years it has been curing female complaints such as inflammation, irregularities, nervousness, blood tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It exists but little to try Lydia E. Pinkham's Vegetable Compound, and as Mrs. Barclay says it is "worth mountains of gold" to suffering women.

who among auto men are boycotting the Haleiwa Hotel, and for what reason. The gentleman who made the complaint said he had wished very much to stop at Haleiwa.

### Want Wood Back.

A letter was read from Secretary H. P. Wood who is now at Atlantic City, in which he stated he had received a telegram from President Morgan of the chamber of commerce from San Francisco, asking when he could arrange to return to Honolulu. Mr. Wood said he was not then in a position to state definitely when he could return, but he asserted very positively that he believed the Atlantic City work required his presence until at least the end of July, when he would feel he could leave the work in other hands. He believed that during those two months he could be able to do valuable promotion work for the Hawaiian Islands. Mr. Morgan's request, of course, referred to Mr. Wood in the latter's capacity as secretary of the chamber of commerce, which has given him leave of absence.

### Pineapple Products the Rage.

In a letter detailing sales of sliced pineapple and pineapple juice at the promotion bureau on the Boardwalk Mr. Wood showed receipts of over \$600 for the first eleven days since opening, or from May 29 to the end of the month. The sale of canners brought \$448; the sliced pineapples \$80, and the pineapple juice \$123.25. The attendance was quite large.

Mr. Wood wrote to the Pineapple Products Company that it would pay them to put up all the pineapple juice possible as there is a big demand for it in the East.

### Entertaining Cockroft.

The committee has left in the hands of R. H. Trent the entertainment of General Manager Cockroft of the Oceanic Steamship Company, who is visiting in the Islands at present. Mr. Cockroft came here to size up the possibilities of business for his company and to get a little recreation. He has already visited the volcano and pronounced it a wonderful sight.

### Optimistic Mrs. Headlee.

Mrs. Frances K. Headlee, the committee's representative in the Northwest, writes from her headquarters in Seattle that the work is going ahead satisfactorily and that she is booking many engagements for her lectures on Hawaii. She has spoken before many audiences already and has visited several cities and towns. She gave some good advice as to the method of advertising around Seattle and her ideas will be followed up by the committee.

### NATURE'S PYROTECHNICS TO HAVE FIRST CALL

Those who go to the volcano on Saturday, July 2, with the Inter-Island company's volcano excursion, will have an opportunity to see how nature celebrates the Nation's natal day. The fountain of Halemauaha will take the place of rockets and Roman candles and the explosion of gas in the crater will substitute for the most gigantic of cannon crackers.

The sight at the crater is one that some people come thousands of miles to witness. It can be had in no other part of the world for no other volcano offers such opportunities to witness the flow of the lava. At Vesuvius much is to be seen, but under great difficulties and times and with much discomfort to visitors. At Kilauea there is a well managed and comfortable hotel. From the top of the mountain a pleasant trip over the railroad by carriage or motor car. Visitors remain as long as they wish at the hotel of fire and return to the hotel in the morning. The hotel is in the heart of the volcano. The hotel is in the heart of the volcano. The hotel is in the heart of the volcano.

### ARRAIGNED FOR IMPAIRING MORALS OF SMALL CHILD

Thomas Scott, accused of having tempted a small child to commit a crime, was arraigned in court today. The child was a small boy, and the crime was a serious one. The case is being handled by the local authorities.

## Nature Will Punish The man who misuses her gifts

and if no attention is paid to her warnings---aches and ails that follow abuses ---it's a matter of but a short time before good health is lost.

## MOTHER MAY LOSE CHILDREN

William Savidge Asks Court to Award Him Their Future Custody.

On the ground that his ex-wife, Emily Savidge, is running around with lewd and improper persons and is therefore not a fit person to have charge of their six children, William Savidge has petitioned Judge Robinson to take the children away from her and place them in his custody.

Savidge in his complaint alleges that Mrs. Savidge is an especially friendly person with a person whose character is far short of being what it really should be. Until recently, he says, she was ignorant of the evils of a large city, but she fell in with bad company, remaining out all night away from her children. He states that he has been informed that she expects to leave the city by the Maunaloa tomorrow in company with the lewd and improper person whose name, however, is not mentioned in the bill of complaint, but who, it is known, has recently been before the federal grand jury on a complaint with a certain officer of the law. He doesn't want her to take the children with her.

Judge Robinson issued a restraining order, preventing the mother from taking the children away from the father, and the mother must stay away from the children. He also ordered that the father should have the children, and the mother should not have them.

Mrs. Savidge with her five children from an unhappy marriage, and the father, William Savidge, who is a well-known and successful business man, has petitioned the federal grand jury to take the children away from the mother and place them in his custody. The father is a well-known and successful business man, and the mother is a well-known and successful business woman. The father is a well-known and successful business man, and the mother is a well-known and successful business woman.

### LANE ASSAULT CASE FOR TRIAL THIS MORNING

E. F. Lane, accused of having assaulted a woman, was arraigned in court today. The case is being handled by the local authorities.
